'ROUND AND ABOUT THE SCHOOL

The **L.B.F. Football** season ended with the School Firsts (coached by Aub Holmes and Grant Edwards) having lost to U.C.C. (21-13), won from Ridley (9-7), and won from T.C.S. (35-0). The Seconds, coached by Bill Skinner, were undefeated in L.B.F. The four other competitive Teams did equally well as did the Soccer. The **Football Dance** (on the night after the O.B.'s Dinner) as usual was a pleasant affair — well-attended — good music — and that "end-of-football-season atmosphere". **Hockey** began soon after Half-Term, at the Aurora Arena — the usual "trying-out" period before Christmas. Aub Holmes, Grant Edwards, and Bill Skinner will coach the Firsts and Seconds, Dick Gibb — the Under 16's, Ken Ives — the Under 15's. **Clan Hockey** will begin after the Christmas break — on the "back rinks". **Basketball** is well under weigh and the Teams have shown promise in matches so far. Gary West is coaching the Firsts, Jamie Mainprize — the Seconds, and Jim Jenson — the Thirds. **Cadets** have been doing their usual weekly training. Bill Skinner ('47) and Grant Edwards ('54) have joined the instructional staff. The **Debating Club** has had several preliminary sessions under the guidance of Bob Scott and Bill Skinner. There is much competition for places on the **Fencing Team** and Tibor Bozzay has all he can do to cope with all the aspirants. Gordon

ROUND AND ABOUT THE SCHOOL (Continued)

Moffatt ('26) is mentor of the very active **Camera Club**. Upper School boys continue to do well with the daily **Chapel Reading**. The traditional high standard set by previous "coaches" is being carried on by Gordon Moffatt. The **Trebles** and the School under the guidance of John Bradley still give an inestimable "something" to Chapel Services on Sunday evenings at St. Andrews. The **Carol Service** was as usual very well rendered and as usual the demand for seating exceeded the facilities. The Saturday Service was held in the Ketchum Auditorium to allow for greater attendance. In spite of the inevitable "alarums and excursions", the G & S oppretta, "**H.M.S. Pinafore**" is progressing. The playing of recorders has become about as prevalent as the playing of pipes — an excellent grounding for future pipers. **Chess** is popular and tournaments are in full swing. The calibre of play is quite impressive! The **Stamp Club's** several most knowledgeable members are attracting the uninitiated into this interesting collector's hobby. On November 15th, an interesting and stimulating gathering occurred at the School — a **Parents' Night**. The Ketchum Auditorium was about full for a question-and-answer-cum-discussion session led off by a panel of four guests. About ten-ish, the whole group moved over to the Great Hall for refreshments and further discussion, person-to-person. Each had a name-tag on his or her lapel. The Staff was all there and parents could discuss their offspring with anyone or everyone. A worthwhile venture all 'round. Meanwhile the back stretches of the School grounds are providing cover for all sorts of other "critturs". A large doe and two fawn surprised some boys one Sunday, "early Church" time. The does were grazing by Shad's Creek on the Lower Playing Field (Malone). Muskrat still slither and splash in said same creek too (when not frightened off by a Prefects vs School tug-of-war across it.) The **St. Andrew's Day Dinner** was its usual pleasant occasion. Guest of Honor was Gordon McHaffie, president of the St. Andrew's Society of Toronto, who addressed the School. The haggis was piped in and then addressed by Lloyd MacPherson. Clan colours were presented to those who had earned them. **Interesting touches with the past** emerged the other day when examining trophies in the Ladies' Guild Trophy Cabinet. For instance, the winners of Mrs. Macdonald's Trophy for the Upper School Table Championship in Athletics — 1940 — was won by J. E. **Aguayo**, D. P. S. **Sabiston**, W. J. **Shields**, and H. H. **Davidson**. Then we discovered that the Ontario Amateur Gymnastic Association — Junior Shield came into our permanent possession as the result of winning it three times in succession. The winners were — J. C. **Auld** ('11), R. A. **Lockhart** ('12) and R. A. **Brown** ('13). Another item — the Old Boys' Golf Trophy was won by C. C. **Carrick** in '38, and by W. H. **Adams** in '39 — no competition since apparently! You will be interested to learn that **Mrs. Ketchum** — Esther de Beauregard Ketchum — was married on December 27th to Frank D. Thomson of Pittsburgh, Penna. The Andean wishes her the continued happiness which she deserves and we know that all Andeans who knew her share in these good wishes. So the Past and the Present go 'round and about the School.

THE DINNER

All agreed that this year's Dinner, at the School, was one of the best ever, and that Graham Dutton ('54) had done yeoman service in his capacity of organizer of same. About 175 attended. The fact that the get-together WAS at the School accounted for much of the pleasant "home-coming" atmosphere. The new Great Hall lent itself admirably to the occasion; the dinner was excellent as was the service. There were few gaps in the year representation. Oldest Andean present was H. Gordon Langlois ('01) who was presented with an O.B.'s tie. Bob Wadds ('38) presided in his inimitable fashion. J. L. (Jack) Wright, guest of honor and speaker was introduced by Mike Adamson ('44) who paid tribute to Jack's 25 years' service to the School — especially as Housemaster of Macdonald House. Jack outlined what he considered to be the basic ingredients of

an Andean education — the intangibles that give meaning to all else. Then — on to, "Do you remember . . . ?" and "Who was it who . . . ?" — questions which brought rocks of laughter from those in the know! Many of those present had not been to an O.B.'s Dinner nor back to the School since leaving. They explored the new facilities and were really impressed with the changes and additions to the School plant — the realization of dreams that first reached planning stage in Ken Ketchum's time. Overnight accommodation was provided for those who wished it. Several did.

The business part of the meeting was over with the traditional super-sonic swiftness. This slate of Officers of the S.A.C. O.B.'s Association for 1963-64 was duly approved by the meeting:
